\* [redacted] Comment. The information confirms that tank units of the 25th Tank Div went from Prenzlau to Templin during the period from 10 to 14 April and an unidentified artillery unit on 11 April. [redacted]  
It is believed that the entire units were not covered, as only 87 tanks and SP guns of the two tank regiments stationed in Prenzlau were counted. It is not definite if the SP guns were JSU-122 type.

25X1A

\*\* [redacted] Comment. Lieutenant Colonel Vazenko (fmu) or Vasenko (fmu) is carried as commanding or administrative officer of a unit in Prenzlau. Same source stated in December 1951 that he was to be sent back to the U.S.S.R. Major Kazionek or Kazionnek (fmu) allegedly was administrative officer in the barracks installation southeast of Berliner Strasse.
